Additional Information							
<p>Once we take your details we will check your care requirements with Educators who have positions available that may be able to meet your needs. We will then contact you and pass on the Educators details. You will make an appointment with the educator/s to have an interview to discuss your requirements and for the educator/s to discuss what they are able to provide in regards to care. Once you have interviewed educator/s, you are then required to contact the FDC Administration Office and advise if you are happy to go ahead with care educators.</p>							
Office use only	Entered in Harmony	<input type="radio"/>	Parent sent email confirmation	<input type="radio"/>
