Nelson Bay Public Domain Plan

We have listened to what our community loves about the Bay, and we’re working to revitalise the town centre to bring people back. The future vision for Nelson Bay is outlined in the Public Domain Plan – which sets out how we will create public spaces for our community now and into the future.

Three big moves are planned for Nelson Bay in an exciting 20-year vision that will create:
1. A greener town centre
2. Enhanced opportunities for walking and cycling
3. Quality spaces for everyone to enjoy.

A greener town centre
Better connections to the foreshore and Tomaree National Park.

Enhancing opportunities for walking and cycling
Creating pedestrian and cycle friendly street environments, plus improving traffic flow.

Quality spaces for everyone to enjoy
Promoting new ways to use our spaces for leisure, for business and most of all, for fun.
