

Under the Local Government Act, 1993, Council is able to delegate some of its functions to a committee of Council. These committees are made up of volunteers who are involved in activities, services or events on Council land. Volunteers in Port Stephens are the lifeblood of our local area as they donate their time and energy to a range of activities that benefit our whole community. Many council programs and services could not be provided without the support of volunteers.

Here are the contacts for our committees and groups:
