3.6 Complaint management system

Introduction

- 3.6.1 When responding to complaints, staff should act in accordance with our complaint handling procedures as well as any other internal documents providing guidance on the management of complaints.
- 3.6.2 Staff should also consider any relevant legislation and/or regulations when responding to complaints and feedback.
- 3.6.3 The five key stages in our complaint management system are set out below.

Receipt of complaints

- 3.6.4 Unless the complaint has been resolved at the outset, Council will record the complaint and its supporting information. Council will also assign a unique identifier to the complaint file.

3.6.5 The record of the complaint will document:

- a) the contact information of the person making a complaint;
- b) issues raised by the person making a complaint and the outcome/s they want;
- c) any other relevant;
- d) any additional support the person making a complaint requires.

Acknowledgement of complaints

3.6.6 Council will acknowledge receipt of each complaint promptly, and preferably within seven (7) working days.

3.6.7 Consideration will be given to the most appropriate medium (eg email, letter) for communicating with the person making a complaint.

3.7 Initial assessment and addressing of complaints

Initial assessment

3.7.1 After acknowledging receipt of the complaint, Council will confirm whether the issue/s raised in the complaint is/are within Council's control. Council will also consider the outcome/s sought by the person making a complaint and, where there is more than one issue raised, determine whether each issue needs to be separately addressed.

3.7.2 When determining how a complaint will be managed, Council will consider:

- a) how serious, complicated or urgent the complaint is.
- b) whether the complaint raises concerns about people's health and safety.
- c) how the person making the complaint is being affected.
- d) the risks involved if resolution of the complaint is delayed.
- e) whether a resolution requires the involvement of other organisations.

Addressing complaints

3.7.3 After assessing the complaint, we will consider how to manage it. To manage a complaint we may:

- a) Give the person making a complaint information or an explanation.
- b) Gather information from the product, person or area that the complaint is about, or investigate the claims made in the complaint.

3.7.4 Council will keep the person making the complaint up to date on our progress, particularly if there are any delays. We will also communicate the outcome of the complaint using the most appropriate medium. Which actions we decide to take will be tailored to each case and take into account any statutory requirements.

Providing reasons for decisions

3.7.5 Following consideration of the complaint and any investigation into the issues raised, Council will contact the person making the complaint and advise them:

- a) the outcome of the complaint and any action we took.
- b) the reason/s for our decision.
- c) the remedy or resolution/s that we have proposed or put in place.
- d) any options for review that may be available to the complainant, such as an internal review, external review or appeal.

3.7.6 If in the course of investigation, Council make any adverse findings about a particular individual, we will consider any applicable privacy obligations under the *Privacy and Personal Information Protection Act 1998* and any applicable exemptions in or made pursuant to that Act, before sharing our findings with the person making the complaint.

Closing the complaint, record keeping, redress and review

3.7.7 Council will keep comprehensive records about:

- a) how we managed the complaint.
- b) the outcome/s of the complaint (including whether it or any aspect of it was substantiated, any recommendations made to address problems identified and any decisions made on those recommendations.
- c) any outstanding actions that need to be followed up.

3.7.8 Council will ensure that outcomes are properly implemented, monitored and reported to the complaint handling manager and/or senior management.

Alternative avenues for dealing with complaints

3.7.9 Council will inform people who make complaints to or about us about any internal or external review options available to them (including, but not limited, to the NSW Ombudsman and/or the NSW Office of Local Government).

3.8 The three levels of complaint handling

3.8.1 Council aims to resolve complaints at the first level, the frontline. Wherever possible staff will be adequately equipped to respond to complaints, including being given appropriate authority, training and supervision.

3.8.2 Where this is not possible, Council may decide to escalate the complaint to a more senior officer within Council. This second level of complaint handling will provide for the following internal mechanisms:

- a) Assessment and possible investigation of the complaint and decision/s already made; and/or
- b) facilitated resolution (where a person not connected with the complaint reviews the matter and attempts to find an outcome acceptable to the relevant parties).

3.8.3 Where a person making a complaint is dissatisfied with the outcome of Council's review of their complaint, they may seek an external review of our decision by the NSW Ombudsman.

3.9 Accountability and learning

Analysis and evaluation of complaints

3.9.1 Council will ensure that complaints are recorded in a systematic way so that information can be easily retrieved for reporting and analysis. Council currently uses two system; Records Management System and Customer Request Management system (CRM).

- b) the outcome of complaints, including matters resolved at the frontline.

3.9.3 Regular analysis of these reports will be undertaken to monitor trends, measure the quality of our customer service and make improvements.

3.9.4 Both reports and their analysis will be provided to the General Manager and senior management for review.

Monitoring of the complaint management system

3.9.5 Council will continually monitor our complaint management system to:

- a) ensure its effectiveness in responding to and resolving complaints.
- b) identify and correct deficiencies in the operation of the system.
