

Message from the Mayor

"We are excited to deliver this rich program of workshops and events to celebrate Small Business Month. These events are designed to help strengthen and grow local businesses – from making your business more inclusive and accessible, to helping you gain a better understanding of what it means to be 'digital ready'. Small Business Month is all about celebrating the critical role small business plays in our economy, and providing opportunities for owners and operators to network with one another and develop their offering. It's all part of our focus on making business growth easier in Port Stephens. We hope you get along to as many events as you can!"

– Mayor Ryan Palmer
