The project includes setting up the site for the works which includes installing temporary construction fence and securing the site. The primary construction part of the works will include earthworks and Asphaltting. After the Asphaltting is allowed to cure finishing works will occur and these will include new fencing and lighting.

Initial site set up is expected next week with construction works beginning from 9 August 2021 until October 2021.

The hours of works are 7am to 5pm Monday to Friday and 7am to 1pm on Saturday.
