

# Raymond Terrace Art Space Expression of Interest

Calling all artists, photographers and creatives! If you've ever dreamt of exhibiting your work, or would like to sell your work, now is your chance.

Port Stephens Council is seeking expressions of interest for artists to exhibit at the Raymond Terrace Art Space located at Raymond Terrace Library, 18A Sturgeon Street.

Our exhibitions are held each month and feature a range of works — painting, drawing, photography, sculpture, design, decorative and more.

We are providing opportunities for professional and emerging artists to exhibit their work. This gives the local community a chance to enjoy and experience art in a relaxed public space.

To apply, provide a brief outline and examples of your work to our Art Space Coordinator at [artspace.rt.library@gmail.com](mailto:artspace.rt.library@gmail.com) and we will be in touch.
